PROFESSIONAL PROFILE

- **Final-year student** of the TUDAI degree at UNICEN, Faculty of Exact Sciences.
- **Solid background** in structured programming, algorithms, data structures, and Object-Oriented Programming (OOP).
- **Web Development experience** with HTML, CSS, and JavaScript, including dynamic projects with API consumption and deployment.
- **Practical volume:** Thousands of exercises completed in Java and JavaScript.
- **Goal:** Seeking my first experience as an Intern or Trainee to gain real-world professional experience.

EDUCATION

University Technician in Computer Application Development (TUDAI) *UNICEN, Faculty of Exact Sciences*

- **Status:** Final stage - Estimated Graduation: November 2026.
- **Requirement:** Requires Supervised Professional Practice (PPS).
- **Key Subjects:** Programming 1 & 2, Information Technology, Web Development, English 1 & 2.
- **Certification:** Certificate in JavaScript (Structured Programming and Objects - Advanced).

Additional Training (In Progress): Hosting, Databases, Backend, and React.

TECHNOLOGIES & SKILLS

- **Languages:** Java (OOP, Inheritance, Abstraction, Polymorphism, Strategy), JavaScript (DOM, Events, Fetch API).
- **Web:** HTML5, CSS3 (Responsive Design, Layout).

- **Paradigms:** Structured Programming, OOP, Basic Patterns.
- **Tools:** Git, GitHub, Web Deployment.
- **English:** Intermediate-Advanced (B2) - Fluent conversation and reading.

SELECTED PROJECTS

- **Web Parking Application:** Dynamic interface for rate simulation, validations, and API fetch (HTML, CSS, JS).
- **Informational Web:** Static site with responsive design and clear navigation.
- **Interactive JS Web:** DOM manipulation, form validations, and dynamic component rendering.
- **Academic Repository (Java/JS):** Intensive practice in arrays, matrices, recursion, and patterns.

OBJECTIVE & AVAILABILITY

- **Objective:** To join a team as an Intern or Trainee to develop experience in collaborative environments.
- **Availability:** Immediate | Compatible with studies | Remote or Hybrid | Interested in PPS agreements.
- **Soft Skills:** Responsibility, Autonomy, Logical Thinking, Fast Learning, and Technical Communication.
